Church Construction Update

As the calendar flips to a new year, I wanted to give you all an update on the long-range Church construction project. Some background will be helpful. Our journey toward enhancing o church building began at the end of 2021, when Fr. Doke and the Long-Range Planning Committee engaged The Architects Alliance to conduct a comprehensive masterplan study. This effort evaluated our school, church, and surrounding properties to address both immediate needs and future growth. After careful consideration, including feedback from the parish, the decision was made to pursue a renovation and addition to our existing church rather than constructing an entirely new one; a decision that honors our history while preparing us for the years to come.

In early 2025, we brought on William Heyer, a renowned liturgical design architect, to refine the vision. His firm guided the renovation of the Cathedral. Collaborating with local experts like J-Squared Engineering and Allstate Consultants, the team assessed our facilities and developed schematic designs that promise a more welcoming and functional space. Imagine a larger worship area accommodating more families in prayer, an expanded gathering space for fellowship, updated restrooms and mechanical systems, dedicated rooms for music and other meetings, and relocate parish offices. These improvements will create a more vibrant environment for worship, education, and community gatherings, which reflect our shared commitment to faith and service.

Our next steps are clear and purposeful: I will soon meet with the Bishop and the Diocesan Building Commission to seek their feedback and approval. Following that, we'll finalize the plans with our dedicated Long Range Planning Committee. Then, we'll present the full vision to you, our St. Martin parish family, as we launch our fundraising efforts to bring this project to life. A clearer timeline is not available just yet. Let us pray together for God's blessing on this endeavor. Your support, through prayer and generosity, will help us build a stronger foundation for generations to come.

*Peace and all good things,
Fr. Reid*
